

Are house calls your calling?

Work in beautiful Portland, Oregon

Join our nationally recognized organization integrating in-home primary, palliative and hospice services for vulnerable members of our community.

About Housecall

Providers: Housecall Providers is a Portland area nonprofit organization and **one of the largest providers of home-based medical care in the Western United States.** Since 1995, we have been proving that in-home medical care for seriously ill and homebound patients can improve health outcomes, increase patient comfort and reduce health care costs. We believe that a continuum of home-based medical care is the answer for thousands of people who struggle to get their health needs met in a clinic setting.

About the Position:

Seeking a full or part-time NP, PA or MD with two or more years experience in primary care who enjoys **working in a team-based environment that also offers autonomy.** You would be providing primary care to patients on Medicare and Medicaid, which include geriatric, disabled and safety net populations.

Our goal at Housecall Providers is to foster a collaborative and supportive environment where **clinicians can achieve a good work / life balance,** and continually improve their clinical skills.

If you have a high degree of organization and initiative, **we'd love to hear from you!**

Interested?

Please contact Dr. Pam Miner at pminer@housecallproviders.org to set up a time to discuss the position.
