

Working hard to keep our patients, staff and community partners safe and supported during the **COVID-19** pandemic

Steps we are taking to increase safety:

Weekly COVID-19 testing for all field staff

Certified and fit-tested N95 masks, face shields, goggles, gowns and gloves on patient visits

Internal COVID-19 taskforce that stays up to date on CDC guidelines

Staff always screened when they visit the office

Telehealth visits available when needed

Using CDC-recommended PPE for in-person visits

Support available:

- Full Epic access for OHSU/Legacy: no need to fax us records
- Orders can also be put directly into Epic (Monday-Friday)
- CNA, social worker, chaplain and RN visits in person
- Increased visits when patients are in the last days of life
- 24-hour RN available for any afterhours needs
- Doctors available 24 hours
- Our doctors coordinate directly with PCPs for patient continuity
- Certified Hospice and Palliative Care nurses
- Board-certified Hospice and Palliative Care physician
